

MESERET SHUMET

Full Stack Developer

Addis Ababa, Ethiopia | +251 97 533 6956 | mesiori21@gmail.com | [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Full Stack Developer experienced in building dynamic, scalable, and database-driven web applications using Next.js, TypeScript, Node.js, Prisma ORM, PostgreSQL, MySQL, and Tailwind CSS. Skilled in developing responsive interfaces, secure APIs, admin dashboards, role-based platforms, and content management workflows. Strong focus on clean architecture, maintainable code, optimized database models, and practical user-centered product delivery.

TECHNICAL SKILLS

Languages:	JavaScript, TypeScript, Java, C++
Frontend:	React, Next.js, HTML, CSS, Tailwind CSS, ShadCN UI, Material UI, Framer Motion
Backend:	Node.js, Express.js, REST APIs, Prisma ORM, Drizzle ORM, Sequelize
Databases:	PostgreSQL, Neon, MySQL
Tools:	Git, GitHub, Swagger, version control, admin dashboards
Other:	Responsive design, role-based access, real-time monitoring, CMS-style content updates

WORK EXPERIENCE

Full Stack Developer | Bright Technology 2024 - Present

- Deliver end-to-end solutions across frontend interfaces, backend services, and database-driven application infrastructure.
- Build maintainable web systems with reusable components, API integration, and responsive UI patterns.

Full Stack Developer | Freelance 2023 - Present

- Developed tailored full-stack solutions for private clients across different domains, participating in both frontend and backend development.
- Created responsive websites, dashboards, and backend workflows based on client requirements.

Full Stack Developer | Afritech 2024 - 2025

- Developed hotel management systems, pharmacy management platforms, e-commerce websites, and company websites.
- Built responsive interfaces, backend APIs, and database-driven applications for real business operations.

Frontend Developer | Crosslight Africa 2023 - 2025

- Built interactive and responsive user interfaces using Next.js, Tailwind CSS, and TypeScript.
- Designed and developed an educational platform for structured learning resources.

Frontend Developer | Gumisofts 2025 - 2025

- Contributed to e-commerce website development, focusing on responsive and user-friendly shopping experiences.

SELECTED PROJECTS

NSAA Aerospace Dynamic Website - Full Stack Developer

- Built a dynamic aerospace website with an admin dashboard for landing page updates, post publishing, image uploads, and content management.
- **Technologies:** Next.js, TypeScript, Prisma ORM, PostgreSQL Neon, Framer Motion
- **Link:** aerospacemain-1.onrender.com

Heritage Hub - Ethiopian History Preservation System - Full Stack Developer

- Built a digital archive for Ethiopian historical artifacts, documents, multimedia galleries, advanced search, educational resources, and multi-role dashboards.
- **Technologies:** Next.js, TypeScript, Prisma ORM, PostgreSQL
- **Link:** finalhub.onrender.com/

AfriPharma - Pharmacy Management System - Full Stack Developer

- Developed a pharmacy management platform with POS, inventory management, prescription tracking, sales analytics, and admin role management.
- **Technologies:** Next.js, TypeScript, Node.js, Database-driven dashboards

Moteregna Delivery System - Full Stack Developer

- Contributed to the web admin control system and backend support for the mobile application in a cross-platform delivery coordination system.
- **Technologies:** Next.js, Tailwind CSS, TypeScript, Flutter, PostgreSQL
- **Link:** moteregna-slpo.vercel.app

Amharic Learning Platform - Full Stack Developer

- Built an interactive Amharic Fidel learning platform with writing practice, audio learning, and AI-supported pronunciation practice.
- **Technologies:** Next.js, Python, AI
- **Link:** mesa-amharic-learning-app.vercel.app

Lemi Kura Reporting System - Frontend Developer

- Built a secure reporting system with verifiable submissions, timestamped data, audit trails, and real-time admin monitoring.
- **Technologies:** React.js, Node.js, Express.js, MySQL, Sequelize
- **Link:** reporting.lemikurapp.org

Development for Peace Organization Website - Frontend Developer

- Developed a multilingual and accessible organization website with responsive UI, lightweight CMS integration, and project showcase pages.
- **Technologies:** React.js, Tailwind CSS, Framer Motion
- **Link:** devforpeace.org

Gibe Market - E-Commerce Platform - Frontend Developer

- Built marketplace UI features for supplier dashboards, product management, order tracking, and responsive e-commerce experiences.
- **Technologies:** Next.js, Tailwind CSS, Material UI, TypeScript

Ozone School Website - Frontend Developer

- Created a responsive multipage school website with homepage, about, academic programs, admissions, gallery, and contact sections.
- **Technologies:** Next.js, Tailwind CSS, Responsive UI

EDUCATION

BSc in Computer Science | Hope Enterprise University College 2021 - 2025

ADDITIONAL STRENGTHS

-
- Comfortable working across frontend, backend, database, dashboards, and deployment workflows.
 - Experienced with platforms that require admin control, role-based permissions, real-time monitoring, and dynamic content updates.
 - Strong interest in building secure, scalable, and user-friendly software products.
